To: Plumbing and Gas Contractors
Lethbridge Construction Association
CHBA- Lethbridge

RE: VERIFICATION REPORTS

Effective June 1, 2017, the City of Lethbridge Building Inspection Services will no longer require the submission of following verification reports upon completion of permit services.

- Soap Test reports
- Tub and Shower Water Temperature Verification Reports

The requirement for the contractor to ensure that all HVAC systems meet minimum standards as mandated by the Alberta Building Code and any referenced documents will remain the responsibility of the contractor.

Regards,

Kerry Crump
Manager,
City of Lethbridge
Building Inspection Services
